TRACTOR GRADING BLADE

Ideal for gravel jobs such as grading/crowning driveways and maintaining roads.

- Dual blade configuration with dual 5/8" bolt-on standard motor grader edges
- Side panels with replaceable skid bars made from hardened AR plate
- Fully adjustable grading height, independent on each side
- Optional serrated edges, perfect for breaking up hard-packed materials

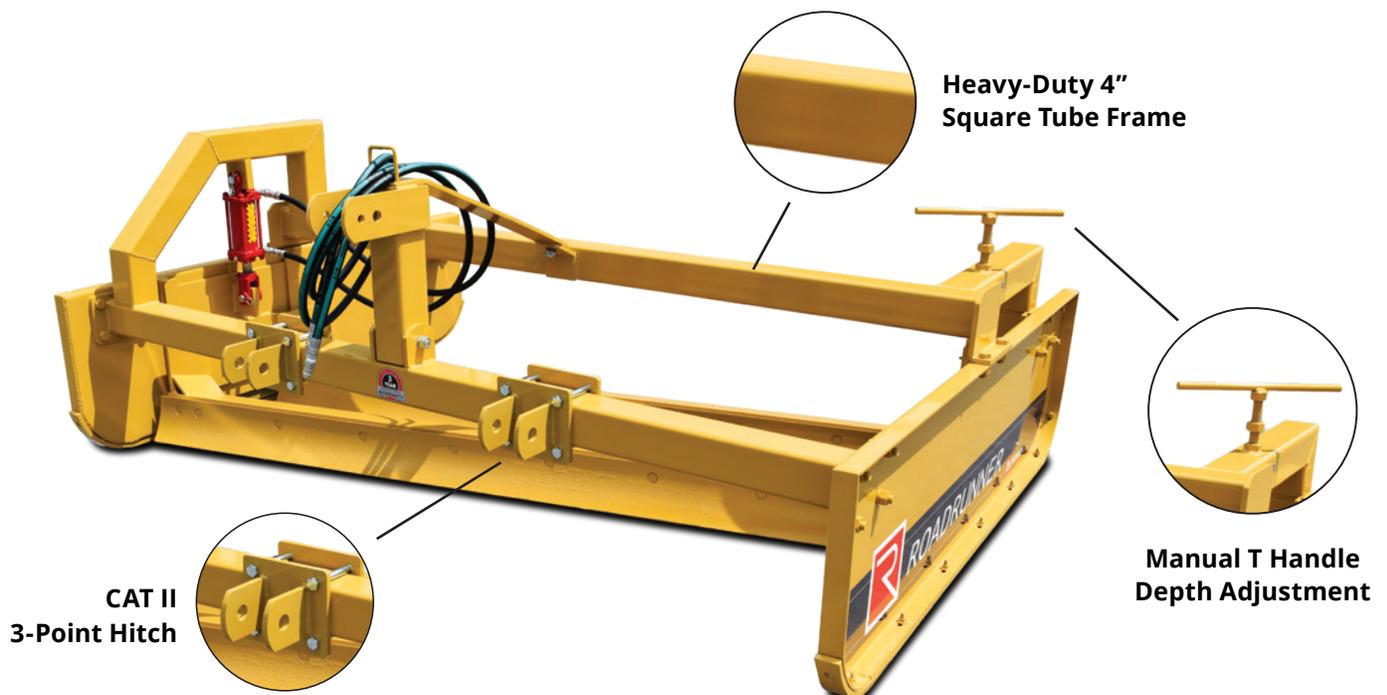

BH TRACTOR GRADER WITH ROLLER OPTION

CH TRACTOR GRADER

BH TRACTOR GRADER

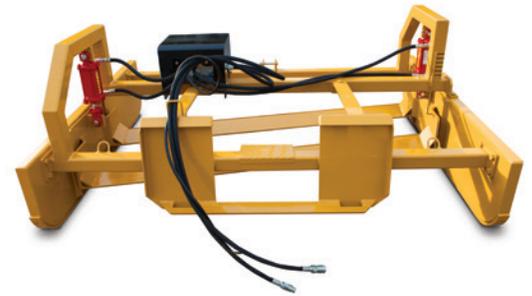

SKID-STEER GRADER

Perfect for spreading stone, backfilling, fine-grading landscape jobs, and maintaining driveways.

- Universal mounting plate
- Dual blade configuration with dual 5/8" bolt-on standard motor grader edges
- Side panels with replaceable skid bars made from hardened AR plate
- 3" crossmembers bolted to side panels with high-grade bolts

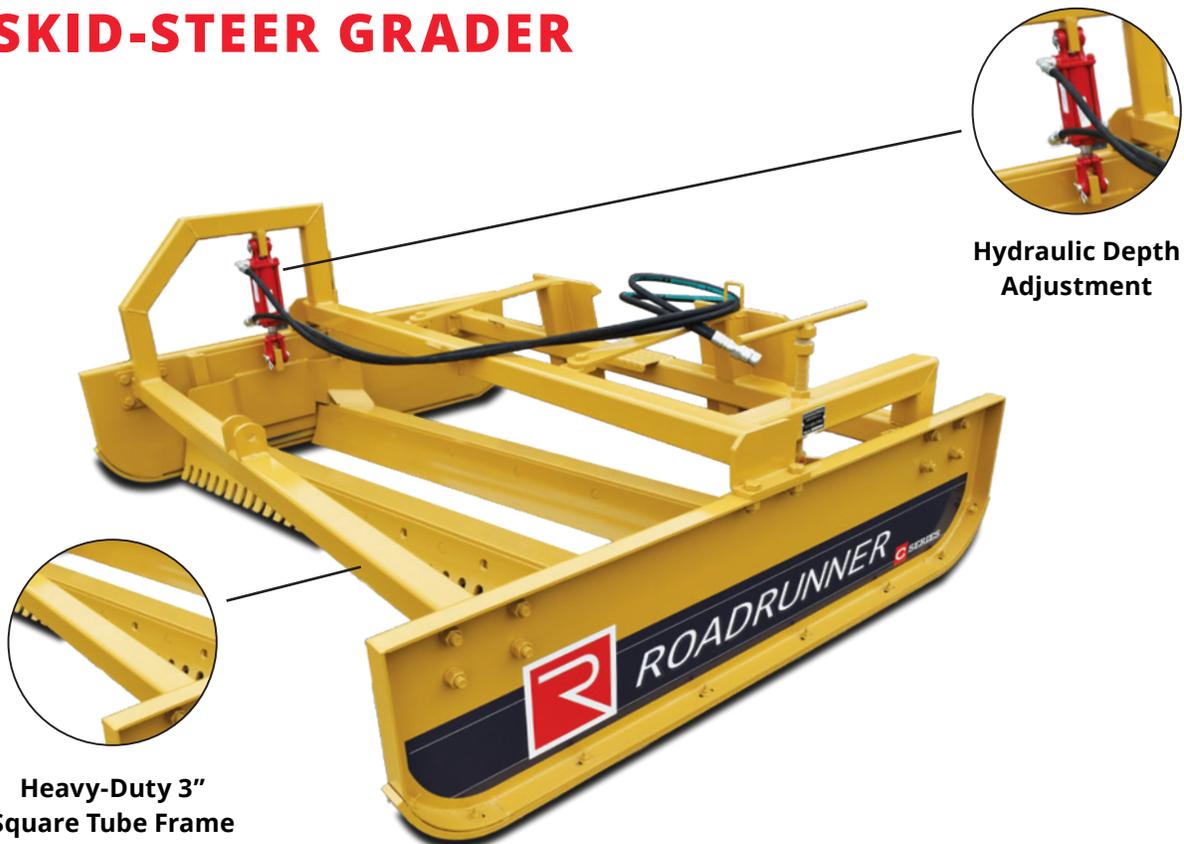

CH SKID-STEER GRADER WITH DUAL HYDRAULIC & ELECTRONIC CONTROLS

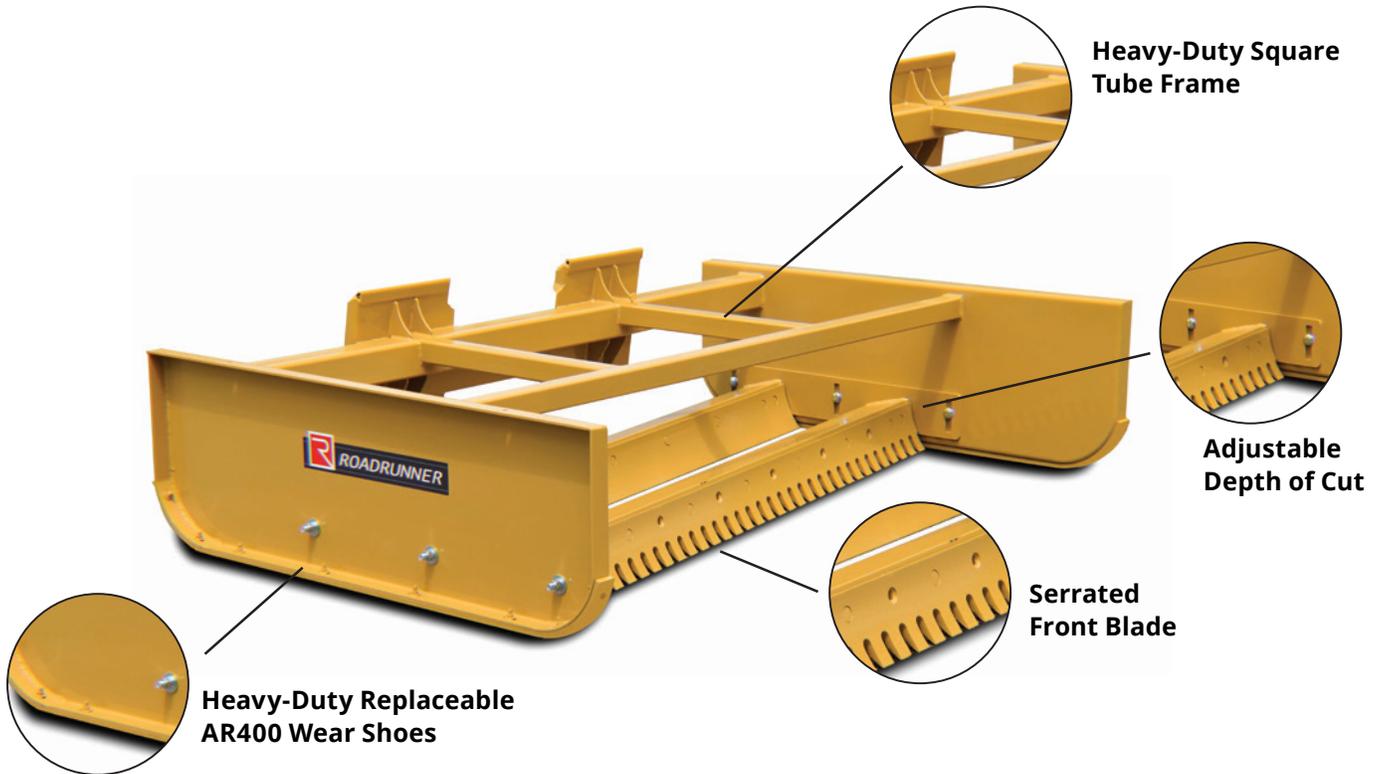

CH SKID-STEER GRADER WITH OPTIONAL WHEEL KIT

CH SKID-STEER GRADER

E SERIES GRADER

Based on our popular C series grader.
Available in three point or skid steer.

B SERIES GRADER

Customizable to mount onto any wheel loader. Available in widths up to 10' wide, with hydraulic or manual depth adjustment. Extra braces to reinforce loader mount.

WHY CHOOSE ROADRUNNER?

As a small, family-owned business, Roadrunner is committed to offering well-built solutions that save you both time and money. We provide the personal, one-on-one customer service you deserve before, during, and after the sale to ensure your satisfaction. Our products are 100% American made, and we stand behind them with a three-year manufacturer's warranty.
