CHLORINE DIOXIDE

TEAT DIP & BARRIER

Gladiator™

CHLORINE DIOXIDE

TEAT DIP & BARRIER

Gladiator™ handles the toughest environmental challenges. An extremely powerful, broad spectrum germicide that helps prevent both environmental and contagious mastitis.

Gladiator™ Barrier also forms a long-lasting polymer barrier to help prevent bacteria from entering the teat canal between milkings.

A barrier or a versatile pre-post dip that can be sprayed or dipped.

- **Lasting** – Mixed at one part base to one part activator, dip remains virtually full strength for 24 hours and germicidally active for up to 7 days
- **Powerful, broad spectrum germicide** – Extensively tested under NMC and AOAC guidelines
- **Eco-friendly** – Responsibly engineered to be NPE-free and rapidly biodegradable using ingredients that are generally recognized as safe by the U.S. FDA
- **Superior film-forming barrier** – Helps prevent bacteria from entering the teat canal until next milking
- **Protects between milkings** – Easily removed at next milking, reactivates when exposed to moistures
- **Skin-Conditioning** – 15% emollients for the ultimate in skin care Hyperkeratosis control, Lactic Acid helps exfoliate dead skin and remove excess keratin
