

Conventional Auger Hopper

SPECIFICATION	8"	10"
Hopper dimensions	32" x 36"	32" x 36"
Height, to top of steel	10"	10"
Height, to top of rubber	14"	14"
Caster jack lift capacity	2000 lb	2000 lb
Reach, approx. ¹	108"	108"
Capacity ²	2800 bu/hr	3800 bu/hr
Weight	200 lb	200 lb

¹Reach is measured from the end of intake hopper to first obstruction on the auger tube

²Capacity will vary by grain conditions and by elevation of the main auger - tested on a 10" auger at 31.6° elevation, using dry #2 Corn (<13% moisture)
