

2050 SUPERCAB

The all-new Stabicraft 2050 Supercab is a keel-up redesign of one of our most popular aluminium boat models and is the 'biggest little boat' in our range.

The big brother to the 1850 Supercab, the 2050 Supercab has a longer deck and cabin than the 1850 version making longer trips and time on the water much more comfortable.
