# Focus on the detail

## Save time & reduce straw usage by 25%

Focus on a structured and absorbent bed designed for the comfort of your livestock.

- Lightly shred & spread straw for productive loose housing.
- Precision chop straw for cubicles, poultry sheds and farrowing arcs.

## Reduce sorting and improve intakes

Focus on palatability for effective feed conversion.

- Lightly shred and dispense even the most difficult bales of silage and hay.
- Process short straw for inclusion in low energy dry cow rations, or to boost effective fibre in lactating cow rations.
