BT CONQUEST™

"The Answer To Today's Tough BT Residue"

9 Row Basic Unit

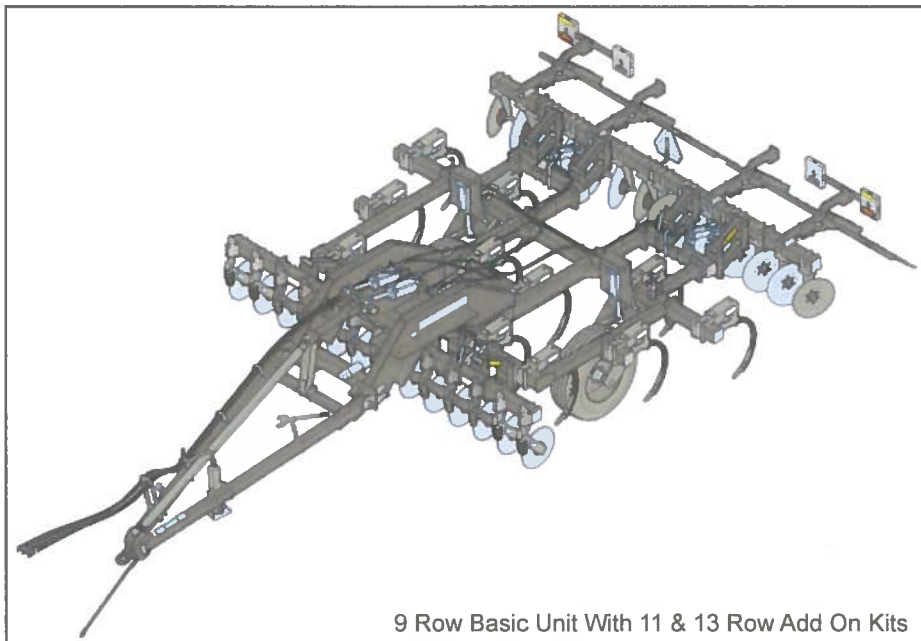

9 Row Basic Unit

Size, Chisel, Mix and Level Through Tough Root-Mass and Heavy Residues.

- ▶ Close-coupled Frame Combines Sizing, Chiseling, Mixing, and Leveling Operations to Reduce Field Time
- ▶ Front Coulters and Rear Disc Adjust Hydraulically for on-the-go Sizing and Mixing Control
- ▶ Chisel Points operate up to 12" Deep on 15" Spacings to Mix the Soil and Displace BT Root Balls
- ▶ Optional Leveling Harrow Finishes the Operation
- ▶ Backed by the BLU-JET 5-Year Frame Warranty for Years of Dependable Service

BT CONQUEST™

The BLU-JET BT Conquest combination primary tillage implement sizes residue, displaces root-mass, mixes soil with residue, and finally levels or crumbles - all in one pass. A 3-Rank chisel configuration is the heart of this tool, performing primary fall tillage without the use of deep till shanks. This allows BT Conquest to be operated using less horsepower, making it a more fuel efficient option, than a primary tillage tool with a deep till shank. BT Conquest provides the perfect solution for those producers who do not have a deep compaction layer every year; and who are not getting the desired root ball displacement and residue mixing provided by stand alone discs or shallow chisels. If you're interested in saving time and fuel without compromising results, the BT Conquest is the perfect solution for you.

9 Row Basic Unit With 11 & 13 Row Add On Kits

Models:

9 Shank 15 Basic Unit (With Optional Tine Harrow)

Overall Length.....	32'
Transport Width.....	14'
Transport Height.....	90"
Weight.....	13,400 lbs.

Basic Unit /11 Shank 30 Add On Kit (With Optional Tine Harrow)

Overall Length.....	32'
Transport Width.....	15'9"
Transport Height.....	90"
Weight.....	14,300 lbs.

Basic Unit /13 Shank 30 Add On Kit (With Optional Tine Harrow)

Overall Length.....	32'
Transport Width.....	18'3"
Transport Height.....	90"
Weight.....	15,300 lbs.

Standard Equipment (All Models)

Hitch.....	Cat IV
Wheels and Tires.....	385/65 R22.5
Coulters.....	BLU-JET Super 1200 Coulters
Blade Size and Type.....	20" Smooth Belloita Premium
Shanks.....	Edgebent Tillage Shank (Lifetime Warranty Against Breakage)
Points.....	Straight Chisel Points, Twisted Points or 12" Sweeps
Individual Mounted Disc Blades.....	22" Blade Primary Blades 20" Blade Feathering Blades

9000 lbs./Parking Jack
Transport Chain (20,000 lbs.)
Lighting Kit

Implement Options

Shank Clamps.....	Rigid or BLU-JET MAXPAC AR700 Spring Mounts
Leveling Devices.....	Tine Harrow Specific to Model Sizes Listed Above Rolling Harrow Specific to Model Sizes Listed Above

Tractor Requirements

Minimum Horsepower.....	20 PTO HP per foot
Three Hydraulic Remote Circuits.....	1,800 PSI
Electrical System.....	12 volt, with 7 Pin Connector.
