Custom Tube Liners Up To 16" Diameter and 102" Long

- Comes pre-assembled for quick and easy installation.
- Can be installed without removing auger in most applications.
- Restores worn housing to "like new" condition.
- Self adjusts to accommodate worn or new housings.
- Stainless steel hardware for extended service life.

Available diameters: Custom fit from 8" to 16"

Available lengths: from 18" to 102" in 2" increments.

CUSTOM TUBE LINERS

Diameter	Price
8" - 9 3/4"	\$123.05 ft.
10" - 11 3/4"	\$129.95 ft.
12" - 13 3/4"	\$157.55 ft.
14" - 16"	\$195.50 ft.

***Depending on dimensions, custom liners are subject to oversize shipping charges.**

Patented Design for a Custom Fit!
US Patent No. 8,720,491

TFDMK01 - Tube Liner Measuring Kit - \$10.00

The Tube Liner Measuring Kit contains a gauge that allows you to measure the inside circumference of your tube. Once you have returned the completed gauge and information sheet we can custom cut a liner to fit your tube in lengths of 18" to 102" in 2" increments.

**COMBINES, GRAIN CARTS,
TRANSPORT AUGERS...
ANYWHERE THERE'S
TUBE WEAR!**

New kits may have been added after the printing of this catalog.

Please visit our website at www.polyskid.com for a list of current kit availability.

Designed for a custom fit in worn or misshaped tubes!

- Installs in about an hour.
- Restores worn housing to “like new” condition.
- Adjustable to accommodate worn or new housings.
- All stainless fasteners and hardware for extended service life.

**Patented Design
for a Custom Fit!**

**Liners on this page are available in longer lengths upon request.
(May be subject to oversize shipping charges)**

COMBINE

ALL POLY SKIDS ARE NOT CREATED EQUAL

It's true. You can buy other poly skids. But, if you're interested in the long term profitability of your operation, you'll want to get the facts before you spend your hard earned money. Poly Last™ combine skids from Poly Tech are designed to fit better and wear longer than any other poly skid.

The fact that longer wear life is better is simple enough. What most people don't think about is: Why fit is so important! The primary purpose of poly skids is to allow your header to ride directly on the ground without sticking or pushing. This allows you to harvest more of your crop, especially the portion growing closest to the ground. The cutter bar reaches it's optimum cutting depth just above the surface of the ground. Very much like a quality razor produces a close shave, you want to eliminate as much stubble as possible.

Other poly skids can fit poorly causing a gap between the poly and the steel. As dirt and trash are trapped, a packing effect begins to push the poly even further away from the steel. The distance between the poly and the steel (as much as 1/2" or more) is what keeps your cutter bar from reaching it's optimum cutting depth.

Poly Last™ skids have a glove fit to eliminate the gaps that cause problems. Your combine head is free to ride the ground and your cutter bar can reach its optimum position next to the ground. Your crop goes where it belongs: in your grain tank and ultimately in your bank account.

**Poly Last™ Combine Skids
FIT BETTER & WEAR LONGER**

**Competitor's Fit - Gap raises
cutter bar and wears quicker.**

**Poly Tech Fit with Patented "Living Hinge"
Gets low and wears even.**

CUTTING CLOSE MEANS MORE BEANS IN THE BANK!

Does it make sense to pay \$100 or even \$200 less for a "bargain" only to walk across your field after harvest and see thousands of dollars of your crop still lying in the field?

If you harvest a minimum of one extra bushel per acre, which you can sell for \$14.00 per bushel; and you're harvesting 600 acres; Is it worth \$8,400.00 to invest a little more in Poly Last™ combine skids?

Use this formula and do your own math. The numbers will be different for everyone. But, the results will always improve your bottom line. WE GUARANTEE IT! If not, you have every right to return the product for a full refund or exchange. These are the facts. We don't cut corners to produce a cheaper product. We design and build products that work. If quality matters then you need a Poly Last™ product.

Includes mounting hardware.

CASE IH 2142/2152/2162

Part #	Description	Price
APMD551	7 5/8" X 18 3/4" Case IH Skid	\$34.25
APMD188	12 1/2" x 18" LH Case IH Skid	\$57.25
APMD386	12 1/2" x 18" RH Case IH Skid	\$57.25
APMD208	16 1/4" x 16 3/8" Case IH Skid	\$56.75

Case IH 2142/2152/2162 Skids are made from our Grey Poly Last™ and designed with the help of custom combiners. Our skids will outwear the factory shoe as much as 3 to 1.

ALSA included with Case 1020 Kits!

Improve the performance of your factory skid shoes with our Poly Last™ Stabilizer Covers. Simply remove the existing stabilizer cover and replace with the Poly Last™ cover. The best improvement you can make!

The full size stabilizer cover is designed to prevent buildup where the competition falls short. It completely covers the A frame and provides one continuous shoe virtually eliminating areas where buildup and bunching occur. The front of the cover fastens to the top side of your metal skid shoes and the rear is suspended by chains. This allows the skid to float over the ground and provides easy access to the underside for routine inspection and maintenance. Each Case combine header kit comes with a full size stabilizer skid that covers the ENTIRE metal A frame under the end shoes.

ALSA...Left Stabilizer Cover...\$121.00 ARSA...Right Stabilizer Cover...\$104.00

Case IH 820 Flex Heads

U.S. Design Patent #314,778

The Case IH 820 skids come in Old (pre-'79) & New style. The two are identical except for the bend in the leading edge. Please use the diagram below to determine which style you have and specify when ordering.

NEW HOLLAND POLY LAST™ COMBINE SKIDS

COMBINE

New Holland 971/972/973 Floating Head

The adjustable front and rear hinge allow for a custom "glove" fit on almost any head, new or used. Now you don't have to settle for one of those "me too" kits.

For heads with panels supported by chains.
If panels are not supported by chains, Poly Skids will NOT fit.

Reduce Feeder House Noise and Improve Crop Flow!

Throat Liner: Poly Last™ floor improves feeding of crop and reduces noise created by metal on metal contact.

Drum Guards: Soft plastic, rubber like material covers the metal drum in chain area. Saves the chain from excessive wear on the drum and reduces noise.

Rails: Poly Last™ covers for existing metal rails. Helps prevent clattering of metal on metal as the bars on the feeder house chain hit the rails. Reduces wear on rails and bars. Reduces Noise.

Top Sprocket Stripper Plates: Replaces metal stripper plates with Poly Last™. Prevents chain wear normally associated with grooved metal plate and reduces metal to metal noise.

POLY LAST™ AUGER BED LINER FOR CASE IH

DON'T PUT GRAIN ON THE GROUND

Buy Our Liners...

Holes develop in the bottom of your trough due to wear or more often due to corrosion. When holes develop, the grain drops straight to the ground under the combine. Why spend over \$1,200.00 on a replacement trough that is extremely difficult to remove and re-install?

Our Poly Last™ liners install much easier, offer excellent corrosion resistance, feed better, and are a far better solution than a patch or repair.

Part #	Description	Price
ABCK4060	4 Auger Kit Fits Combine Models: 1440, 1460, 1470, 1640, 1644, 1660, 1666, 2144, 2166, 2344, 2366	\$630.00
ABCK80	5 Auger Kit Fits Combine Models: 1480, 1482, 1680, 1682, 1688, 2188, 2377, 2388, 2577, 2588	\$768.00
ABCK11	Single Inside Trough Kit	\$157.00
ABCK15	Single Outer Trough Kit	\$169.00

- Improve crop flow.
- Repair worn and corroded auger beds.
- Prevent future wear and corrosion.

Fits Most Grain Head Brands

- Allows reel to be run higher for less shatter.
- Reduces slugging.
- Allows you to run longer at night.

For pennies on the dollar, you can make your auger perform like a full-finger auger. With one Grain Grabber between each flight, you can run your reel higher and out of the crop which means less shattering. Your grain will feed more evenly with our Grain Grabber, reduce slugging and allow you to run longer at night. Each Grain Grabber comes with its own hardware.

REVISED APPLICATION RECOMMENDATION

A small percentage of farmers are experiencing issues toward the center of the auger when using the Grain Grabber. The aggressive nature of the Grain Grabber and the build up of crop volume at the center of the auger can cause crop to be thrown out of the center of the header. The Grain Grabbers at the ends of the auger are doing a great job. If you expect a heavy crop you may want to reduce the number of Grain Grabbers at the center of your header.

Part #	Description	Price
ARGG201	Grain Grabber 2 - Black	\$30.00 ea.

Replace the original metal fingers in combine augers. Broken metal fingers can do thousands of dollars of damage to rotors and cylinders. A bent metal finger can cut an auger in half before you have time to shut it down. Poly fingers bend 10° past the breaking point of metal before breaking. When poly fingers do break and pass through the combine they don't damage internal parts.

PROTECT YOUR GRAIN TANK FROM CORROSION AND WEAR.

The Poly Last™ Auger Liner for grain tanks covers the existing auger floor, no matter what condition it is in and provides a slippery surface to keep grain feeding into the unloading auger faster. Poly Last™ does not rust or corrode.

- Complete kit is quick & easy to install.
- Installs without removing augers. No welding.
- Replace only the auger liner with Poly Last™, not the entire floor.
- Poly liner “floats” under stainless strips allowing the poly to expand & contract without buckling.
- Stainless steel strips CNC cut for precise fit, allowing for accurate and quick positioning of hold down strips.
- 1/8” flexible UHMW poly is preformed to fit tightly against the grain tank floor.

GRAIN TANK AUGER FLOOR LINER

POLY AUGER WEAR SHOES

Made of UHMW preformed poly, these auger wear shoes are designed to extend the life of the steel auger by covering new or worn steel auger flighting giving it strength and avoiding wear. There are over 300 sizes available. The 3/8" wear shoes are available in different diameters and pitches to fit most common augers. Some applications include combines, grain carts, transport augers, bins and grain handling systems; wherever high volume and wear are a problem.

All wear shoes include hardware for installation.

Description	Bolts per pitch	Price per Pitch

Poly Tech Part # **AEDA529** replaces Gleaner OEM Part # 71500529. (Door width is 12 1/2") \$201.00

Fits Gleaner R65, R66, R75, R76, and Serial #s BHTV6101-CHTV7999 on S67 & S77 Combines

Poly Tech Part # **AEDA431** replaces Massey OEM Part # 71400431. (Door Width: 13") \$214.00

Fits 9520, 9690, 9695, 9795 and 9895 Combines

Protect your tracks or tires from today's tougher hybrid stalks. Poly Tech developed the Stubble Stopper to be the lightest unit on the market. At 22 lbs. per row they are 50% to 60% lighter than other models. The Stubble Stopper features a 10" wide by 1/2" thick Poly Last™ UHMW shoe mounted to a flexible spring and brackets using simple pin locations and polyurethane bumpers for easy height adjustment. The shoe assembly easily flips up for transport.

CORN HEAD AUGER TROUGH LINERS

NOTE: These liners cannot be installed on folding models.

CASE IH 2600, 4200 & 4400 SERIES

Part #	Description	Price
ACHCK020630	Liner for 2600, 4200, 4400 - 6 Row 30" Spacing	\$676.00
ACHCK020830	Liner for 2600, 4200, 4400 - 8 Row 30" Spacing	\$991.00
ACHCK021230	Liner for 2600, 4200, 4400 - 12 Row 30" Spacing	\$1,197.00

CORN HEAD AUGER TROUGH LINERS

When ordering please specify corn head model number, model number of combine it is attached to, feeder opening width, & any modifications made to the head. Liner will accommodate gaps up to 6" on heads with modified widths (i.e. custom narrow row heads). Liners can be installed over worn metal & holes in trough, if the holes do not exceed 3" in width by 18" in length. Installation does not require removal of the auger. Just raise the auger to its maximum height, install liner, & adjust the auger to the desired height.

CASE IH 800 SERIES

HARVESTEC HOOD PATCH KIT

Part #	Description	Price
HPHK001	Hood Patch Kit for Harvestec 4000 & 5000 Series	\$66.25 pr.

The Corn Stalk Guide maneuvers your corn past the exposed gathering chain and sprocket, into the header.

Do you want to put more corn from your field in your hopper?

An after-market product, the patented Corn Stalk Guide attaches to the header snout, guiding the stalks past the gathering chain and idler sprocket, removing the risk of the shaking and throwing of corn back into the field, and allowing more valuable corn to continue to enter the corn head.

» Great for twin row heads.

» Attaches easily with included self-tapping screws.

» Made of UHMW for a durable, long lasting addition.

Part #	Description	Price per Row
KFCN-01202-1	20-22" Case-New Holland 2600 Series Corn Stalk Guide Row 6 1/2" length, 6 pre-drilled counter-sunk hole	\$120.00

KFJ-01041	John Deere 40 Series Corn Stalk Guide Row 5" length, 2 pre-drilled counter-sunk holes	\$160.00
KFJ-01601	John Deere 600 Series Corn Stalk Guide Row 8" length, 5 pre-drilled counter-sunk holes	\$230.00

Less corn on the ground, means more money in your pocket.

Poly Last™ covers will reduce drag, eliminate soil buildup on shank and shin and reduce or eliminate soil “blow out.” This allows for a better seed bed and a more profitable crop.

KMC Ripper Shanks are available in THREE widths. To be sure you have the proper shin and/or cover, verify the steel shank number and choose the part numbers as follows:

KMC 67-080-213 Generation III

Part #	Description	Price
ARCK213	Cover fits 1" Wide Shank	\$82.00
ARSS150C	Shin fits 1" Shank with cover	\$21.00
ARSS150WO	Shin fits 1" Shank without cover	\$21.00

KMC 67-080-001 Generation III

Part #	Description	Price
ARCK001	Cover fits 1" Wide Shank	\$82.00
ARSS150C	Shin fits 1" Shank with cover	\$21.00
ARSS150WO	Shin fits 1" Shank without cover	\$21.00

KMC 16-080-291 Generation II

Part #	Description	Price
ARCK291	Cover fits 3/4" Wide Shank	\$82.00
ARSS150C	Shin fits 3/4" Shank with cover	\$21.00
ARSS150WO	Shin fits 3/4" Shank without cover	\$21.00

KMC 16-080-292 GENERATION II

Part #	Description	Price
ARCK292	Cover fits 1 1/4" Wide Shank	\$82.00
ARSS175C	Shin fits 1 1/4" Shank with cover	\$21.00
ARSS150WO	Shin fits 1 1/4" Shank without cover	\$21.00

KMC 16-080-077

Part #	Description	Price
ARCK077	Cover fits 1" Wide Shank	\$64.00
ARSS150C	Shin fits 1" Shank with cover	\$21.00
ARSS150WO	Shin fits 1" Shank without cover	\$21.00

KMC 16-080-077B

Part #	Description	Price
ARCK077B	Cover fits 1" Wide Shank with Brace	\$82.00
ARSS150C	Shin fits 1" Shank with cover	\$21.00
ARSS150WO	Shin fits 1" Shank without cover	\$21.00

KMC 16-080-081

Part #	Description	Price
ARCK081	Cover fits 1 1/4" Wide Shank	\$64.00
ARSS175C	Shin fits 1 1/4" Shank with cover	\$21.00
ARSS150WO	Shin fits 1 1/4" Shank without cover	\$21.00

KMC 16-080-190

Part #	Description	Price
ARCK190	Cover fits 1" Wide Shank	\$64.00
ARSS150C	Shin fits 1" Shank with cover	\$21.00
ARSS150WO	Shin fits 1" Shank without cover	\$21.00

POLY LAST™ RIPPER SHINS & COVERS

KMC 16-080-228/246

Part #	Description	Price
ARSCK228	Cover fits 1 1/4" Wide Shank	\$64.00
ARSS175C	Shin fits 1 1/4" Shank with cover	\$21.00
ARSS150WO	Shin fits 1 1/4" Shank without cover	\$21.00

KMC 16-080-318

Part #	Description	Price
ARSCK228	Poly Cover fits 1 1/4" KMC Shanks	\$64.00
ARSS175C	Poly Shin fits 1 1/4" KMC Shanks w/cover	\$21.00
ARSS150WO	Poly Shin fits 1 1/4" KMC Shanks w/o cover	\$21.00

KMC 50-080-032

Part #	Description	Price
ARSCK032	Cover fits 3/4" Wide Shank	\$82.00
ARSS150C	Shin fits 3/4" Shank with cover	\$21.00
ARSS150WO	Shin fits 3/4" Shank without cover	\$21.00

KMC 39-080-002 'V' Shank

Part #	Description	Price
ARSSK080WO	Shin fits KMC "V"	\$21.00

BROWN & HARDING - STRAIGHT

Part #	Description	Price
ARSCBH1	Cover fits Brown & Harding 1" Straight	\$64.00
ARSS150C	Shin fits 1" Shank with cover	\$21.00
ARSS150WO	Shin fits 1" Shank without cover	\$21.00

ORTHMAN

Part #	Description	Price
ARSCK575	Cover fits 1 1/4" Orthman Shank	\$64.00
ARSS175C	Shin fits 1 1/4" Shank with cover	\$21.00
ARSS150WO	Shin fits 1 1/4" Shank without cover	\$21.00

UNVERFERTH (Red unless Yellow is specified.)

Part #	Description	Price
ARSCU569	Cover fits 3/4" Shank #63569	\$82.00
ARSCU569B	Bottom Only (same as ARSCU981B)	\$65.00
ARSCU569T	Top Only	\$21.00
ARSCU981	Cover fits 3/4" Shank #63981	\$82.00
ARSCU981B	Bottom Only	\$65.00
ARSCU981T	Top Only	\$21.00
ARSS150C	Shin fits 3/4" Shank #63569 w/cover & #63981	\$21.00
ARSS150WO	Shin fits 3/4" Shank #63569B & 63981B without cover	\$21.00

UNIVERSAL SHIN ADAPTER

Part #	Description	Price
ARSAS100	10" Metal Adaptor Strip	\$18.00

Adapt our Poly Shins to your straight ripper shanks with the Universal Shin Kit.

ARSAS100
10" metal adapter strip \$18.00
(Shin not included)

KMC Steel Shank 16-080-077 Width = 1"

KMC Steel Shank 16-080-081 Width = 1 1/4"

KMC Steel Shank 16-080-077 Width = 1"
KMC did not change part# when brace was added.

KMC Steel Shank 16-080-190 Width = 1"

KMC Steel Shank 16-080-228 Width = 1 1/4"

KMC Steel Shank 16-080-246 Width = 1 1/4"

POLY LAST™ RIPPER SHINS & COVERS

SHIN & COVER for Redball Strip-till Knife

- » Shin and adapter replace the original wear bar.
- » Cover eliminates build up on the shank sides.
- » Protects fertilizer tubes from premature wear.

Part #	Description	Price
ARSCR406	Poly Knife Cover fits 3/4" Redball Knife	\$68.00
ARSSR406	Shin fits 3/4" Redball Knife with cover (requires adapter)	\$32.00
ARSAS200	Metal Adapter for Redball knife	\$21.00

PIVOT SUPPORT FOR ROW CLEANER ARM

Part #	Description	Price
RCRWK001	Redball row cleaner Pivot Support (Washer) sold per pair/row	\$16.00

- » Made from UHMW polyethylene.
- » Gives pivot arm more support.
- » Extends the life of the bronze pivot brushing.
- » Tightens up lateral movement of the arm.
- » Reduces wear in the pivot area.

HIPPER BEARING HOUSING COVERS

Part #	Description	Price
AHBAM112	AMCO 1 1/8"	\$29.50
AHBAM150	AMCO 1 1/2"	\$29.50
AHBFCK112	Forest City/KMC	\$29.50
AHBJDW112	John Deere/Wil-Rich	\$29.50
AHBWA112	W & A 1 1/8"	\$29.50
AHBWA150	W & A 1 1/2"	\$29.50
AHBBH112	Bush Hog 1 1/8"	\$29.50

- » Pre-formed to fit housing contour.
- » Premium 1/4" Poly Last™ material.
- » Eliminates wear on bearing housing.
- » Eliminates buildup in sticky conditions.

POLY LAST™ SHANK GUARDS

Why fight square, sheared off shank guards made from scrap? The radius on the edge of our Poly Last™ shank guard was designed to fit the contour of your shovel. It goes on easier and stays on better. Re-tighten less often without the worry of a lost shovel.

POLY TECH'S EXCLUSIVE RADIUS DESIGN...

- » Improves soil flow around shank.
- » Reduces drag and stress on equipment.
- » Protects expensive steel shanks.
- » Does not change shovel angle.
- » Sheds roots & soil to eliminate large buildups.

Part #	Description	Price
ASG09	1 3/4" x 9" Shank Guard fits Cultivators w/mounting hole centers: 1 5/8" to 2"	\$2.20
ASG10	2" x 10" Shank Guard fits Chisel Plow w/mounting hole centers: 1 3/4" to 2 1/2"	\$2.20
ASG12	Custom Shank Guard 1 3/4" x Up to 12" fits mounting hole centers: 1 5/8" to 2"	\$3.10
ASG13	Custom Shank Guard 2" x Up to 12" fits mounting hole centers: 1 3/4" to 2 1/2"	\$3.10

SQUARE EDGE SHANKS: Okay, so you don't care if your shank guards are square? We can make them that way too. These are the same shank guards as above with one exception, no radius edge. That saves us an operation in production and saves you money.

Part #	Description	Price
ASGE09	1 3/4" x 9" Shank Guard fits Cultivators w/mounting hole centers: 1 5/8" to 2"	\$1.75
ASGE10	2" x 10" Shank Guard fits Chisel Plow w/mounting hole centers: 1 3/4" to 2 1/2"	\$1.75

HINIKER 6000 STRIP TILL RIDGING WING

Covers Hiniker Part # 810-002-124.

This cover attaches using the two existing 3/8" carriage bolts. The parts have counter bored holes making them left & right handed.

Part #	Description	Price Ea.
APRWH124L	Left Hand Ridging Wing	\$22.50
APRWH124R	Right Hand Ridging Wing	\$22.50

When ordering please specify the moldboard part number located on the back of your steel moldboard.

We will use this number to match the poly cover to your steel. All conventional moldboards come in kit form. Each kit contains: One moldboard cover, spacer for the point and shin, extra length bolts (for moldboards, point and shin) and installation instructions.

Part #	Description	Price
John Deere	14", 16"	\$ 95.00

AMBB38	Baker (3/8" Reversible) Kit	\$105.00

Due to design, the bidirectional or switch plow produces far more drag than a conventional moldboard plow. Our Poly Last™ moldboards and covers have a super low coefficient of friction that dramatically reduces drag. Less resistance reduces soil flow and improves turn over. It also reduces stress on your equipment, improving fuel economy and reducing maintenance costs. These results are most noticeable in heavy or sticky ground but almost everyone can benefit from the addition of Poly Last™ moldboards and covers.

Some products are just more “dependable” than others.

Dependable: de pend a ble [di-pen-duh-buhl] adj.
1. worthy of reliance or trust; "a reliable source of information" "a dependable worker" [syn: reliable]
2. worthy of being depended on; "a dependable worker"; "an honest working stiff"; "a reliable source of information"; "he was true to his word"; "I would be true for there are those who trust me"
3. consistent in performance or behavior; "dependable in one's habits"; "a steady-going family man"
4. financially sound; "a good investment"; "a secure investment"

For 47 years, Poly Tech has proudly served you with the quality products and outstanding customer service that you demand. When quality counts you can count on Poly Tech.

1975 - Poly Tech was founded as a Christian company on the premise that God is chairman of the board. That premise still holds true as Poly Tech enters its' second generation as a family owned and operated business. Today, two generations of family work together as we continue to serve the agricultural industry with those same core beliefs and values.

1988 - Poly Tech patents the first combine skid cover. Then in 1992 patents the "Living Hinge" design used on tens of thousands of John Deere 900 series combines. Today, Poly Tech manufactures a full line of products including corn head liners, grain tank liners, grain head & auger bed trough liners and more.

2010 - Poly Tech files for a patent on its innovative new Poly Last™ Tube Liner. This pre-assembled unit can be installed without removing the auger in most cases, self adjusts to uneven tube diameters and can cost as little as half of a replacement or repair. Our commitment to innovative, cost saving new products is stronger today than it's ever been.

2022 - Poly Tech invites you to join us for many more years of innovation. If you have a problem that needs solving we'd love to hear about it. Helping you save time and money has been the core of our business. So, stop by our booth at a trade show, call us, email us or write us.

You can "DEPEND" on Poly Tech, We Guarantee It.

SPRING

RYAN NT AUSPOINT COIL CLOSING & GAUGE WHEELS

Poly Tech has now released the revolutionary Ryan NT (formerly RFM NT) Auspoint Coil Closing & Gauge wheel. A proven system that eliminates the day to day hassles of the conventional rubber tire system. Imagine a more even germination, overcoming cracking, no more replacing rubber tires, and minimal build up on your gauge and closing wheels. Proven in Australia and now successfully tested in twenty states by conventional and no-till farmers here in the USA.

This is the No Till and Conventional farmers dream.

**JP Robertson - Bowling Green, KY
No-Till Planting**

HD Gauge Wheel

JD Closing Wheel

Kinze Closing Wheel

New LD Gauge Wheel

A COMPLETE NEW REVOLUTIONARY COIL GAUGE & CLOSING WHEEL SYSTEM

PATENT PENDING

GAUGE WHEEL

- Self cleans.
- Overcomes replacing rubber tires.
- Keeps the dry soil away from the seed trench.
- Gives a smoother ride for better seed placement.
- Ideal for No Till or Conventional planting.

CLOSING WHEEL

- Overcomes cracking.
- Gives a better press.
- Can give a more even germination.
- Sifts the soil back over your furrow to retain moisture.

RESTORE worn through ducts to better than new condition.

REDUCE soil build-up and costly down time.

All kits include drill templates, 1/4" thick liners, drill bits, Step by Step full color instructions, and all necessary hardware to line three sides of each of the ducts shown.

Mating machined lap joints at each connection insure proper alignment and improved crop flow.

Stainless Steel transition strips protect the leading edge of the liner.

Reduce excessive buildup on the 4th side of the ducts, often caused when running in wet conditions or harvesting green peanuts.

1/4" POLY LINERS FOR KMC PEANUT COMBINES

PEANUT

- » Twice as thick as the original 1/8" liners.
- » Countersunk bolts improve crop flow.
- » Improved fastening system allows liner to expand and contract without warping.

Poly Last™ picker door kits for John Deere Pickers contain two different components. A preformed, pre-drilled and countersunk 1/4" Poly Last™ cover fits the steel door. The factory .090" poly extension is replaced with full 1/8" poly. The heavier gauge extensions resist warping better than the factory poly. All kits include hardware and instructions.

PRESSURE DOOR BUSHING

Special nylon bushing installs in top and bottom of door pivot to eliminate wear that can lead to lost doors.

ACPC210.....\$6.00 each

HIGH PERFORMANCE PICKING PRESSURE DOOR BUSHING FOR CASE CPX610

ACPC610.....\$12.65 each

HAY

POLY PICKUP BANDS

From This...

To This

- **FLEXIBLE**
- **LESS NOISE**
- **REDUCED TOOTH WEAR**
- **NO FADING, CRACKING or PEELING**

Don't see what you need? Baler bands are available for other models. Please call for availability.

Poly pickup bands were developed to solve the problems custom balers were having with rocks and other objects continually bending their metal pickup bands. The goal was to eliminate the problem of bending and wearing. These bands are made heavy and will withstand impacts without damage and if pickup teeth rub against the bands, they will not wear through nearly as quickly as with steel bands. In addition, hay feeds through much more smoothly and easily. The 1/2 inch thick bands have a 1/4 inch support ring on the inside to strengthen and maintain shape. Longer bolts (included) are required to attach the poly bands.

IT'S AS EASY AS

1. Attach to hose.
2. Aim at catch receptacle.
3. Turn knob to release pressure.

HPRT01 - HYDRAULIC PRESSURE RELIEF TOOL - \$49.00

(Designed to accept ISO 5675 Pioneer Universal AG type connections – 1/2")

Releases stored pressure in typical AG hydraulic lines.

Simple to use and highly effective!

MISCELLANEOUS

TRACK MAT

Stain, oil & chemical resistant!

This knee-saving 2'x4' foldable mat is a plush yet ultra-tough 3/4" thick foam pad fused with 100% polypropylene fibers. Stain, oil and chemical resistant, the Track Mat can withstand whatever you throw at it while effortlessly providing convenience and comfort. It's made of a similar material to that used in life jackets, so it won't retain water and can't mold or mildew. Use it as a pad to kneel on or as a lightweight and portable creeper to keep you comfortable and clean while you work.

Part #: BR2X4PT.....\$30.00

FORM-A-FUNNEL® FLEXIBLE DRAINING TOOLS

Part #: GP-102.....\$21.99

GENERAL PURPOSE - (14.5" x 6.5") Great for draining oil, gasoline and other fluids from automobiles, trucks, motorcycles, ATVs, industrial equipment, lawn equipment and fork lifts.

Part #: TT-103.....\$36.99

TRUCK & TRACTOR - (22" x 8-5/8") This wider design is perfect for heavy duty equipment, semis, trucks, buses, tractors and industrial use.

Part #: KIT-201.....\$35.99

2 PIECE KIT - In addition to draining and filling fluids, FORM-A-FUNNEL® can be used in a wide variety of applications including diverting water dripping from a pipe, filling bird feeders and filling fertilizer containers.

The potential uses are endless!

1 - Lawn & Garden (9" x 4-3/4") 1 - General Purpose (14.5" x 6.5")

HOW TO ORDER

www.polyskid.com

Have a question? Need more information? - Visit our website 24/7 where you will find pricing, additional information, and instructions for our Poly Last™ products. We have listed our contact information and created a direct email link so you can email or fax your inquiries or request a catalog. We now offer online ordering!

1.800.542.7659 or 1.706.468.2801

PHONE ORDERS - Our normal office hours are 8:00 am to 5:00 pm ET Monday - Friday. These hours may be extended during planting and harvest seasons, please call to verify. Please have credit card or account information ready to give to your customer service representative. Your account will not be charged until the order is shipped.

1.706.468.2881

FAX ORDERS - For Credit Card, C.O.D. and orders on Account you may fax your order 24 hours a day, 7 days a week. Orders received after 5:00 pm Eastern or on Fridays or Holidays will be processed the next business day. Please fill out sales order (sales orders available on request by fax) and fax to: 1-706-468-2881.

RETURNS - Items Not covered by our "No Hassle Guarantee" are subject to inspection upon return. If found to be in resalable condition we will issue a credit or return your money - less a 20% restocking fee. To return items covered by our "No Hassle Guarantee", please call customer service at 1-800-542-7659 or write for a Return Authorization Number within 12 months of invoice date. No return will be processed without a Return Authorization Number. Custom Orders are not returnable in most cases.

DEALERS - Net 30 days with approved credit. If paying by credit card, please pay at time of purchase to avoid a 4% service fee. Dealer pays actual shipping charges. Take discounts before freight charges are added. Call for Dealer programs. Online ordering now available!

SERVICE CHARGE - A Service charge of 1 1/2% per month will be applied to all unpaid balances over 30 days.

PRICES - Subject to change without notice. All shipments F.O.B. Origin unless prior arrangements made with Poly Tech.

SHIPPING - Place your order for any stock ground shippable product by Noon Eastern time and we will make every effort to ship it the same day. Place your order for any stock ground shippable product after Noon Eastern and we will make every effort to ship it by the next business day.

SHIPPING FROM OUR MINNESOTA WAREHOUSE

To provide you with faster delivery and lower freight costs, your orders can be shipped from our warehouse located in Gibbon, Minnesota.

NO HASSLE GUARANTEE

Poly Tech Guarantees for one full year from the date of purchase that our products:

- Perform as designed
- Save you time and money
- Meet your expectations

Or we will gladly arrange a refund or an exchange, whichever you prefer.

FULL SERVICE AG

How may we help you?

- Improve your equipment efficiencies
- Lessen your downtime during harvest
- Reduce wear on your combine parts
- Lower your maintenance costs

Is there anything else we can do for you? Full service ag at Poly Tech is not an object of the past like the full service gas stations. We do not compromise the quality of our products or reputation of our customer service. These family values and traditions run deep in our heritage as we continue to:

- Expand our product line
- Research equipment related needs
- Add dealers to increase our scope of service
- Stock product for immediate availability
- Communicate with our customers

At Poly Tech Our Goal Is:
TOTAL CUSTOMER SATISFACTION
