NORTHPORT MARINE, LLC
MIRROCRAFT BOATS | MONTEGO BAY PONTOONS

EXPRESS LIMITED WARRANTY

REGISTRATION OF PURCHASE: The Federal Boat Safety Act of 1971 provides for defect notification to first purchasers. Failure to register a purchase with the manufacturer constitutes waiver of the right to defect notification. Registration also simplifies warranty service should it ever be required. First purchasers are therefore encouraged to register within 30 days from the date of delivery.

WARRANTY COVERAGE: “First purchaser” means the individual who or entity which first buys and receives a boat manufactured by Northport Marine, LLC (“Northport”) from an authorized Northport dealer for purposes other than resale.

Subject to the following terms and conditions, Northport warrants to the first purchaser of a 2024 model or newer boat manufactured by Northport that such boat is free from defects in material and workmanship. If within the warranty periods described below Northport determines in its sole discretion that a component of the boat is defective, non-conforming components will be repaired or replaced, at Northport’s option, without charge for parts or labor. Except for personal injury actions, Northport’s sole obligation, and the first purchaser’s exclusive remedy, under this warranty is limited to such repair or replacement. Repair or replacement of parts, or the performance of service, does not extend the life of a limited warranty beyond its original expiration date.

NORTHPORT SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INDIRECT, INCIDENTAL OR CONTINGENT DAMAGES WHATSOEVER (EXCEPT DAMAGES FOR PERSONAL INJURIES).

A. LIFETIME LIMITED HULL WARRANTY

If, during the first purchaser’s ownership of the boat, Northport determines the existence of a defect in material or workmanship of the boat’s main hull seams, Northport at its option will repair such defect or replace the hull. Because Northport constructs the bottom of all hulls from one continuous sheet of aluminum, the keel area is not considered a seam for purposes of this Lifetime Limited Hull Warranty.

B. LIFETIME LIMITED ON PONTOON AND STRUCTURAL COMPONENTS WARRANTY

If during the first purchaser’s ownership of the boat, Northport determines the

existence of a defect in material or workmanship of the boat, deck structure, or motor mount, Northport will repair or replace Lifetime parts and 10 years labor. All pontoon tube welds are covered for 3 years for workmanship. Any damage to the weld from misuse or neglect are not covered.

C. LIFETIME LIMITED PLYWOOD WARRANTY

For boats which incorporate plywood floors or panels, Northport has enclosed a copy of the plywood manufacturer's lifetime limited warranty against damage to such panels from fungal decay or rot, termites and / or other wood-eating insects, or some defect that the plywood manufacturer determines would make the panel structurally unfit for its intended application. Pursuant to the terms of such warranty, all claims must be submitted in writing to the plywood manufacturer rather than to Northport. While Northport will make reasonable efforts to assist Northport dealers to obtain warranty coverage from the plywood manufacturer, Northport does not offer any separate plywood warranty and does not otherwise assume any liability for any damages resulting from a breach of the plywood manufacturer's warranty.

D. LIMITED STRUCTURAL HULL SUPPORT WARRANTY

If, within the first three (3) years of the first purchaser's ownership of the boat, Northport determines that there is a defect in material or workmanship in the manufactured parts of the hull's structural components, such components being limited to hull ribs, transom braces, keels, keelsons, hull stringers, aluminum bulkheads, floor stringers, and bow stem, Northport will at its option repair or replace such components.

E. LIMITED O.E.M. COMPONENT WARRANTY

Where an Original Equipment Manufacturer ("O.E.M.") provides a warranty for components that are integrated by Northport into a boat, Northport will make reasonable efforts to assist Northport dealers in obtaining the applicable warranty coverage offered by the component O.E.M. However, Northport does not offer any separate warranty coverage for items covered under an O.E.M. warranty and does not otherwise assume any liability for damages resulting from a breach of an O.E.M.

F. LIMITED NON-STRUCTURAL WARRANTY

If, within the first one (1) year of the first purchaser's ownership of the boat, Northport determines that there is a defect in material or workmanship in a component manufactured and installed by Northport not covered in or excluded by Paragraphs A-D above (except paint or gel coat finishes, vinyl or fabric upholstery, and carpeting), Northport at its option will repair such defect or replace such component.
