**ADDICTED TO  
ADVENTURE**

BRUTE FORCE 750 4x4i EPS SE

**Kawasaki**

STRONG. TOUGH. RELIABLE.  
KAWASAKI TO ITS CORE.

## BRUTE FORCE 750 4x4i

The sporty yet rugged styling of the Brute Force 750 4x4i and 4x4i EPS is not just skin deep. Under the aggressive bodywork is a liquid-cooled, fuel-injected 749cc, 90-degree V-twin and a reinforced double-cradle frame for optimum rough trail handling. Matched by responsive independent double A-arm suspension on all four wheels, the result is light, easy handling that puts the emphasis of this sport-utility ATV decidedly on sport. The 2016 Kawasaki Brute Force 750 4x4i is your ticket to ride. Anywhere. Anytime. Kawasaki Strong.

## PLENTY OF RIDING EXCITEMENT COMBINED WITH EVERYDAY VERSATILITY.

## **BRUTE FORCE® 300**

Don't sweat the long days. Let the Brute Force 300 do it for you. Whether you have orchards to tend to, livestock to feed, or trails to clear, you can make it happen with this eager ATV. It has the power and towing capacity to get stuff done and have fun doing it. An incredibly strong, durable, heavy-duty steel-tube frame promotes superb handling and straight-line stability. A broad stance and long A-arms give the Brute Force 300 an extremely predictable and stable ride, so every rider can relish even the most challenging routes.

## FULLY AUTOMATIC TRANSMISSION, FULL SUSPENSION AND RUGGED STYLING

**KFX**<sup>®</sup>

Getting any young rider off to a great start is easy with the 2016 KFX50 with a smooth yet potent four-stroke 49cc single engine. When a young rider is ready for a little more power, the KFX90 steps into the spotlight. Powered by an 89cc four-stroke single, the 2016 KFX 90 has enough power to be a lot of fun, but not so much that it intimidates a developing rider. Adding to rider comfort and a secure, in-control feeling are full floorboards, keeping feet in contact with the ATV whether standing up or sitting down. Electric start is a confidence building feature; just squeeze the brakes, push the button and the KFX starts up.

---

ELECTRIC START WITH KICK-START BACKUP

---

REAR HYDRAULIC DRILLED DISC BRAKE

---

INDEPENDENT A-ARM FRONT SUSPENSION WITH  
PRELOAD ADJUSTABLE SHOCKS

---

CONTINUOUSLY VARIABLE TRANSMISSION (CVT)

---

KEYED IGNITION SWITCH PREVENTS STARTING  
WITHOUT A KEY

---

EASY-TO-USE PARENTAL CONTROLS FOR  
SETTING SPEED AND POWER LIMITS

---

IGNITION CUT-OFF LANYARD SAFETY SWITCH

---

WIDE STANCE FOR CONFIDENT HANDLING  
IN THE TRAILS
