SWEEPAWAY™

SWEEPERS

“The low-maintenance, affordable and professional push broom leaves a clean ground after every stroke!”

SWEEPAWAY™ PUSH BROOM

SWEEPAWAY™ PUSH BROOM FOR LOADERS, FORKLIFTS, TRACTORS, PICKUPS ETC.

The SweepAway™ is a simple and effective solution for professional sweeping, designed for all kinds of vehicles. It can handle a variety of materials, such as leaves, sand, rocks, debris, snow and slush. Available in different widths and series to fit a large range of vehicles and machines.

BRUSH MAINTENANCE

The sweeper head consists of separate, replaceable brush rows made of polypropylene. The sections are easy to change and helps you to keep your sweeper in top-performance. No high-tech, no rotating parts, the SweepAway™ is maintenance free and easy to clean!

Replacing the brush rows is quick and easy

SWEEPAWAY™ PUSH BROOM

The SweepAway™ can handle a variety of materials, such as leaves, sand, rocks, debris, snow, slush etc.

SweepAway™ with attachment for forklift

SweepAway™ medium series, with 12 brush rows

- ✓ 12 brush rows
- ✓ 150-300 cm

Side brushes

SWEEPAWAY™ ROTARY BROOM

SWEEPAWAY™ ROTARY BROOM FOR PICKUPS, TRUCKS AND TRACTORS

The Hilltip Sweeper is a unique rotation brush for mounting on pick-ups with Hilltip Quick hitch mounting frame, or STR & VTR frames (tractor). Designed for 2,5-5,5 ton Trucks and tractors, the rotational sweeper have a diameter of 50 cm. The Sweeper operates with 1 x hydraulic function, minimum 40l/min. If no PTO it requires the Hilltip power unit with max. 45l/min output.

The Hilltip Power unit is designed for heavy on site work, or for mounting on trucks as power source for sweepers, spreaders, high pressure washers etc. It is equipped with a Kohler Patrol Engine.

OPTIONAL FEATURES

- + Hydraulic power unit
- + Deflector
- + Sprinkler kit with 500L tank
- + Electrical oil flow valve
- + Mount frames for different vehicles
