

# LOW-PRO 300 & LOW-PRO 300G

## UTILITY TAILGATE BROADCAST SPREADERS

### INCREASE YOUR ICE CONTROL REACH.

When it's time to touch up salt application or get into smaller areas larger hopper spreaders can't reach, you need a tailgate spreader you can count on. The all-new WESTERN® utility tailgate line does just that. The LOW-PRO 300 and 300G models spread a variety of bagged de-icing materials up to 25 feet, offering fully featured performance to get more jobs done faster.

# LOW-PRO 300 & LOW-PRO 300G UTILITY TAILGATE BROADCAST SPREADERS

The LOW-PRO 300 and LOW-PRO 300G tailgate spreaders provide spreading widths up to 25' in a compact, tailgate design. This saves room in the bed of the vehicle to carry additional bagged material for refills. The LOW-PRO 300G spreader features an electric gate for fine granular materials like bagged ice melters, calcium flakes, and calcium chloride pellets. The LOW-PRO 300 model features a 3" vertical auger to easily spread bagged rock salt. These all-new utility tailgate spreaders are compatible with a variety of vehicle types using a light-duty hitch mount.

## VARIABLE SPEED CONTROL

Allows the operator to adjust the spinner speed to manage spread width from inside the cab. The control is weather resistant and provides easy cab mounting.

## ELECTRIC SPINNER MOTOR

The spinner motor transmission is electric powered, drawing electricity from the vehicle for quiet, consistent operation. The motor is protected from the corrosive environment by a sealed drive enclosure.

## ELECTRIC GATE

The LOW-PRO 300G features an electric gate that stops and starts the material flow to the spinner. This allows the unit to spread finer granular materials in a consistent spread pattern.

## VERTICAL AUGER

The LOW-PRO 300 spreader features a heavy-duty 3" vertical auger for a steady, consistent flow of bagged rock salt to the spinner. This allows you to deliver a consistent spread of salt.

## LIGHT-DUTY HITCH MOUNT

The light-duty hitch mount is standard and works with a variety of vehicles including work trucks, utility vehicles, and tractors.

## MATERIAL COMPATIBILITY

	BAGGED ICE MELTERS	CALCIUM FLAKES	CALCIUM CHLORIDE	BAGGED ROCK SALT
<b>300G</b>	X	X	X	
<b>300</b>				X

## SPECIFICATIONS

	LOW-PRO 300G 30870	LOW-PRO 300 30860
<b>DIMENSIONS</b>		
PART NUMBER	30870	30860
Approximate Weight (Empty)	75 lb (34.0 kg)	68 lb (30.8 kg)
Overall Length	22" (55.9 cm)	22" (55.9 cm)
Overall Height	30" (76.2 cm)	32" (81.3 cm)
Overall Width	30" (76.2 cm)	30" (76.2 cm)
Hopper Length	22" (55.9 cm)	22" (55.9 cm)
Hopper Width	30" (76.2 cm)	30" (76.2 cm)
<b>OPERATION</b>		
Capacity (Volume)	3.0 cu ft (0.085 cu m)	3.0 cu ft (0.085 cu m)
Capacity (Weight)	240 lb (108.9 kg)	240 lb (108.9 kg)
Spreading Width	Up to 20' (6.1 m)	Up to 25' (7.6 m)
<b>ELECTRICAL</b>		
Speed Control	Weather-resistant variable speed control with Gate Control	Weather-resistant variable speed control
Wiring Harness	12-gauge with molded plugs & connectors	Automotive style with plug-ends & finished connectors
<b>CONSTRUCTION</b>		
Frame	Powder-Coated Steel	
Hopper	One-Piece LLDPE Poly	
Motors	12-volt DC motor mounted in weather-resistant enclosure	
Spinner	10" (25.4 cm) nylon/glass reinforced resin	
Auger	N/A	3" (7.6 cm) vertical high-flow auger
Mounting	2" (5.1 cm) light-duty hitch mount is standard	

## JOHN DEERE MOUNTS
