FEATURE HIGHLIGHTS

Wall Design

The exclusive automotive-inspired styling is designed with aluminum panels to stand out on the water and take fit and finish to a whole new level.

Sport Bimini

Every Explore model comes standard with a gas-assisted, easy-to-use Sport Bimini that offers 12 feet of coverage and an approved rating up to 50 mph, so you can stay cool in the shade all day while idling or running at speed.

LinQ Accessories

Now available for Manitou, the industry-leading LinQ System from BRP lets you add a personal touch to whichever pontoon you choose. Get the most out of your day on the water with ample storage and cooler options.

Captain's Helm

The dashboard layout and design dedicates 4 unique sections of the helm to key functions, ensuring that phone charging, radio control, vessel monitoring, and vessel switching are accessible and intuitive.

Integrated Cupholders and Speakers

Cupholders and speakers have been integrated into the walls to offer an enhanced on-board experience without sacrificing space.

Trifold Bench

The 3-in-1 functionality of the Trifold bench provides a seamless transition between a bench, table, and open space, so you can entertain with ease or just enjoy more leg room whenever you want.
