// FEATURE HIGHLIGHTS

1 REV Gen5 sport-utility platform

Continued industry leadership with the ultimate versatile platform designed specifically for performance, work and a big fun factor.

2 Rotax 900 ACE Turbo R engine

Now the most powerful 4-stroke engine ever offered. Ferocious instant acceleration and top speed through bigger fuel injectors, increased boost and optimized intake and exhaust systems. The new cable activated iTC™ throttle better matches a performance rider's profile while offering three driving modes.

3 Rotax 850 E-TEC engine

Incredible power and unmatched dynamic response with exclusive E-TEC direct-injection technology. Exceptional, proven durability and excellent fuel and oil economy.

EXPEDITION XTREME 900 ACE TURBO R SHOWN

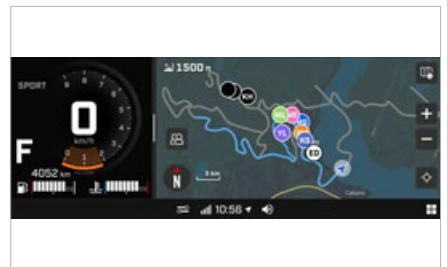

4 uMotion™ rear suspension

Perfectly balanced vehicle dynamics deliver unmatched versatility that's agile and capable both on- and off-trail. With increased travel for a more capable and comfortable riding experience for performance both with and without a load.

5 KYB Pro 36 EA-3 piggyback rear shock with adjustable compression damping

Extreme capability, extreme durability shocks with compression adjustment for optimized control in the toughest conditions. Lightweight aluminum and rebuildable/revalvable.

6 10.25 in. Touchscreen Display with BRP Connect, featuring Built-In GPS with Group Ride

View the live location of members of your group while independently seeing other riders around, without the need for a phone connection or cellular network access. Benefit from a map layer and trails,* track your current ride and see previous. For more, use your phone with the free BRP GO! app.
