Power outlet with automatic on/off control for working with small, light power tools

- Dirt created during planning, sawing or sanding is removed directly.
- The suction function is automatically switched on/off via the power tool.

Easy filter cleaning

- Semi-automatic filter cleaning for extended filter life and no-mess cleaning. Pulsed air moves dirt from the filter to the container at the push of a button.
- Suction performance is quickly restored.

Patented filter removal technology

- Top mounted filter allows quick and easy removal from the filter box – without coming into contact with dirt. No need to open the tank.
- Switch to wet cleaning without removing the filter!
