

KÄRCHER

**CORDLESS
FREEDOM.**

No cord means increased productivity with the battery-powered Sensor Bp vacuum.

PROFESSIONAL | SENSOR BP CORDLESS UPRIGHT VACUUM

EXPERIENCE THE FREEDOM OF CORDLESS VACUUMING.

The battery-powered Kärcher Sensor Bp delivers the freedom to vacuum without hassling with a power cord! Providing the utmost safety by eliminating the risk of trip and fall accidents, this latest Sensor product innovation will ensure we remain the long-standing market leader in upright vacuums. Topping the list of benefits is greater productivity with up to 50% time saved by eliminating time-consuming activities associated with a power cord. Using the energy efficient Kärcher Battery Power+ platform, the portable Sensor Bp delivers long run times and upholds our industry-proven track record for durability and reliability. It has an impressive productivity rate and can run for up to 60 minutes on a single charge. The commercial-strength Sensor Bp provides flexibility in that it can be used for cleaning carpet and hard floor surfaces in hospitality, education, health care, and retail environments. The Sensor Bp is loaded with premium features, weighs just 17.5 pounds and has a flat-to-floor feature making it easy to maneuver around furniture and other obstacles. Plus, it operates at a relatively quiet 78 dBA, so you won't have to worry about disturbing anyone while in use. The 5.6 quart dust bag ensures that you won't have to empty it frequently. Give yourself the freedom and flexibility of cordless vacuuming with the Sensor Bp from Kärcher.

1 36/75 Power+ Battery with Fast Charger

- 36-volt battery powers the vacuum.
- Greater productivity with long run times and fast charging times.
- Same Power+ battery system used on other Kärcher professional products means you can switch batteries when needed.

2 Increased Productivity in Mind

- Save up to 50% more time without unwinding, winding, moving, and untangling the power cord.
- Freedom to clean in remote areas or large rooms without having to locate an electrical outlet.
- Flat to floor feature allows the vacuum to easily clean under beds and furniture.
- Manual height adjustment for different types of flooring.

3 Maintenance Friendly

- Tool free brush removal to remove tangled debris.
- Tool free clean-out door access under vacuum head.
- Brush lifts off floor when handle is in upright position, extending brush life.
- Long life belt backed by a two-year warranty.

4 Consistent, Reliable Performance

- Industry-proven track record of durability and reliability.
- Proven, energy efficient impeller style vacuum system.

5 Breathe Easier

- Uses a HEPA rated vacuum bag to improve indoor air quality.
- Top fill vacuum bag is easy to replace.
