

Simple TRUE control of your planter

Blue Vantage® is the industry's only dedicated planter display that offers a simple, accurate and intuitive user experience for a smooth planting season.

A plant screen layout that displays all critical planter information on one screen, factory pre-sets take the guesswork out of set up, and built in diagnostics ensure maximum planting efficiency.

- Intuitive, rugged touch screen tablet for easy use and removal from a docking station mounted in the cab
- Complete 3 click planter control from intuitive Blue Vantage planter display
- Optimized user interface for all critical planting information on one planting screen for reduced complexity
- Factory pre-sets make set up easy and reduce chances of error
- Hydraulic weight transfer is actively adjusted by Blue Vantage as the weight of bulk fill hoppers change
- Display specifically built for Kinze planters, one solution provider for questions, quick system updates, and built in diagnostic and training modes to optimize your time

Plant screen

Row by row graph includes singulation status

Task bar for easy navigation

Pinch and zoom map detail

Multiple map layer views

Row-by-row mapping

Yetter Air Adjust™ Row Cleaners

- Dedicated control screen allows full control of row cleaner settings directly from the tractor cab
- Control up and down pressures, raise and lower units, and save pressure presets

Shared Mapping (Map Sync™)

- Two or more planters equipped with Blue Vantage can share coverage data to plant in the same field at the same time
- Maximizes planting efficiency when using multiple planters in the same field

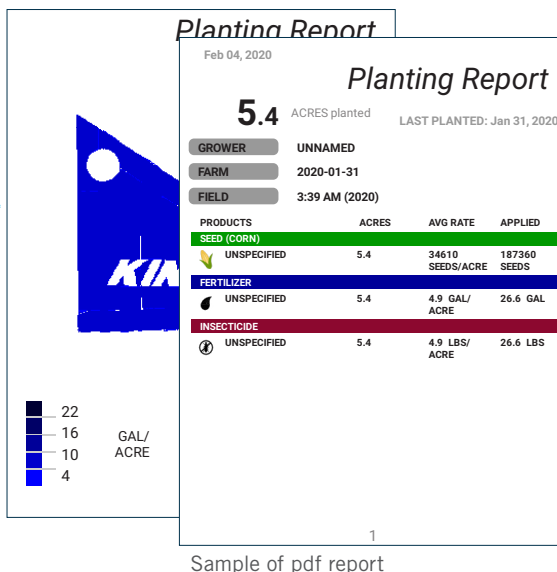

Camera Options

- View up to four planter-mounted cameras
- First camera is factory installed and rearward-facing
- Three additional cameras can be mounted as needed

Planting reports

- Built-in field summary reports provide crop summary and all field applied maps in a printable pdf document
- No FMIS software required

Model	Row Configuration
4905	24 Row 30"
4905	16 Row 30"
4905	12 Row 30"
4705	24 Row 30"
4705	36 Row 20"
3665	16 Row 30" ¹
3665	12 Row 30" ¹
3505	8 Row 30" ^{1,2}

¹ Split row option available
² Bulk fill only

PLANTER CONTROL TECHNOLOGY

BLUE DRIVE

TRUE confidence during planting season.

Blue Drive® is a Kinze designed electric drive system that is simple, reliable and accurate, giving you confidence during the planting season. Ethernet communication and universal module architecture allow for faster, more accurate planter performance with built-in feature expandability. System design delivers enhanced section control and accurate seed placement, ensuring maximized profitability.

- Ethernet connectivity provides reliable, faster connection and speeds for quick software updates and troubleshooting
- Universal module design for easy troubleshooting and module replacement with built in diagnostic status indicators
- Proprietary, non-ISOBUS architecture to optimize the design and experience for Kinze users
- Built with capacity for future feature additions and software upgrades for maximum cost efficiencies and ease of maintenance
- Kinze Blue Drive electric drive equipped planters are covered by an industry leading 2-year hitch pin to closing wheel warranty (starting model year 2021 and on)
