

trimmers

"I have had a Shindaiwa String Trimmer for 25 years now and it still runs like brand new."

— Frank, Dyna Co., Toronto, CA

Trimmers

Shindaiwa Trimmers are big on power and low on weight. A choice of engine technologies – either traditional 2-stroke or the new Hybrid 4™ – makes them right for any environment. The stars of the show are the T254 and T344 powered by Hybird 4 engine technology. The all new T254 and T344 feature beefed up gear cases for more torque to the cutting head for maximum performance in the toughest conditions.

2 year
commercial
warranty

Shindaiwa provides optimum performance and durability for season after season of outstanding operation on even the toughest jobs and in the harshest conditions. And each one is covered by a 2-year commercial warranty — dependability you can count on.

trimmers
