Acid 40®

NON-FOAMING

ACID RINSE

Acid 40 gets the job done. Ideal for mid-range conditions where moderate cleaning is needed. Blended formula delivers results with a minimal amount of product required.

Acid 40 is the perfect balance between performance and economy.

- **Blended formula** – Blend of both organic and sulfuric acids for great cleaning ability, prevents mineral and milkstone deposits
- **Inhibits bacteria** – Provides lower residual pH to inhibit bacteria growth between milkings
- **Low-temperature tolerant** – Can be used below 68°F (20°C)
- **Equipment friendly** – Extends the life of rubber goods
- **Eco-friendly** – Phosphate free formula
