Flo-Star® MAX

THE ULTIMATE MILKING CLAW

Performance, capacity, durability, weight reduction, milkability and milker and cow fit for your 24/7 parlor operation.

- **Weighs only 12.5 oz.** – Reduces operator fatigue during long milking shifts
- **Patented x-crossed inlet design** – Empties fast providing higher average vacuum stability
- **Inlet design with narrow profile** – Improved “cow fit”; fits wide, narrow, short or long udders and uneven teat placement
- **Internal holding capacity over 11.5 oz.** – Even the highest producing cow cannot flood the Flo-Star MAX
- **Engineered resin construction handles 7,200 lbs. of direct pressure** – Stronger than stainless steel claws, guaranteed against breakage for 2 years
- **Unique hooded outlet sump** – Top-unloading action from bottom unloading claw, lessens chance of back jetting

Flo-Star Max, is the gold standard in every way that matters; performance, capacity, durability, weight reduction, milkability and comfort.
