SmartDairy®

POWER UP

YOUR DAIRY

SmartDairy is designed to answer two major business requirements; first offering the best management decision tool and second to allow that tool to grow with you. SmartDairy is a modular platform with a very sturdy and reliable foundation. Whether you have an industrial dairy farm or a family farm, being "Powered by SmartDairy" is your key to success.

SmartDairy will help you make the right management decision – quickly and efficiently.

- **Modular** – Feeding, activity, parlor performance, maintenance and many other modules to build upon
- **Parlor performance** – Developed in collaboration with the most renowned figures in the industry, SmartDairy parlor performance will give you all the information and the tools to increase your productivity
- **Herd management integrated** – A comprehensive Herd Management tool comes standard
- **Remote support** – Technical support is available to connect to your SmartDairy, diving right in to help you understand features better or to solve an issue
- **Predictive diagnostics** – SmartDairy will give you predictive feedback based on key indicators, allowing you to act before problems arise
- **Windows based** – Plug and play principle, ease of installation, ease of usage, and compatibility with the future
