SUSPENSION FORKS Absorb those big impacts so your body doesn't, further improving the ride and decreasing fatigue.

NEW X-FACTOR[®] 3 DECK Its new thick, 7-gauge steel stands up to the punishment yards and their obstacles dish out. Its sloped front end lifts grass sooner to deliver a better cut and the reinforced spindle mounts protect blade operation. It's also designed to disperse grass better with its large discharge opening.

INCREASED COMFORT It comes from its highback seat with plenty of cushion and support.

KAWASAKI FS ENGINE The FS series is a compact powerhouse engineered to master mid-duty jobs. Smooth starts, enhanced airflow, cool-running power, and more help them run smooth with less debris buildup.
