

**GRAVELY**

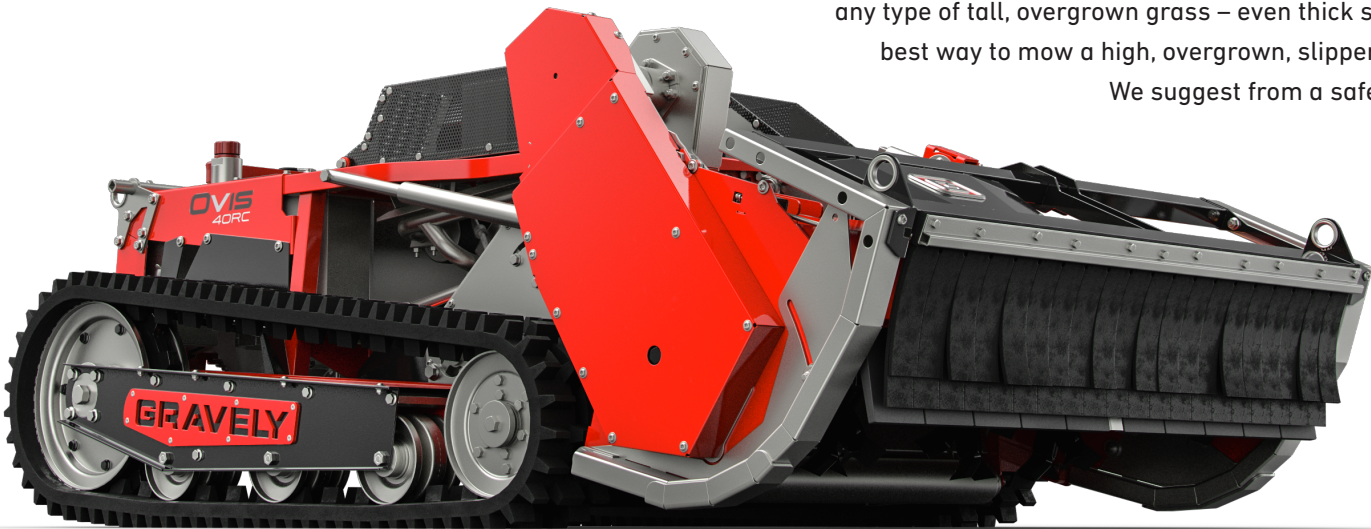

# OVIS 40 RC

**WHERE THE  
MOWING GETS  
TOUGH, THE OVIS  
GETS MOWING.**

Built like a tank and equipped with an endless appetite, the Gravelly Ovis 40 RC lets you mow where traditional ride-on mowers shouldn't – or even couldn't.

Its low center of gravity delivers high expectations which allows its superior traction and track design while still providing the ground clearance needed. Thanks to its powerful flail-style mowing deck, it chews through any type of tall, overgrown grass – even thick stalks. The best way to mow a high, overgrown, slippery incline?

We suggest from a safe distance.

## 40RC

MODEL - 949001

23.HP / Briggs & Stratton® Vanguard

**2YR**  
TWO YEAR OR 250 HOUR  
WARRANTY

**REMOTE CONTROL** Advanced remote-control technology allows operators to safely operate the machine from almost 1000 feet away. Also allows you to operate a limitless number of machines you can operate on any property without concerns of crossing frequency with another machine.

**HILLSIDE MOWING** The heavy-duty track system coupled with its flail-style mowing design enhance weight distribution, which enables safe mowing on slopes up to 50 degrees – which is much too steep for operators on equipment to mow safely. It also excels in challenging conditions displaying remarkable efficiency and safety beyond the performance capabilities of any other style mower.

**CUTTING SYSTEM** A wide 40-inch (100cm) flail-style mower delivers a proficient cutting performance mowing through all varieties of grass, including thick stalks up to 1.5 inches in diameter.

**MAINTENANCE** Designed for easy maintenance – belts, filters, and oil can all be accessed without additional tools. Service settings have also been optimized to make both the mower and track systems easily accessible. Maintenance intervals are also convenient with the first service required after 100 hours of operation and subsequent services at 400-hour intervals.

**DURABILITY** The Gravelly Ovis was built to ravage any overgrown area, including steep slopes and ditches. And because it's a gravelly you know it's built to the toughest standards, that's why it's backed by a 2-year/250-hour warranty.

See your professional Gravelly® dealer for complete warranty details.
