

SPORTSMAN

180|200

The 180 Sportsman has been Hewescraft's best-selling model for decades because of its surprising roominess and fishability in such a compact, affordable package. With nearly 11 feet of fishing cockpit behind the driver and co-pilot seats, short or long bench seating can be added without getting in the way of the family fun. And, with the optional ski pylon, you can quickly and easily shift gears from trolling to towing. When it's time for a compact fishing and family runabout, there's value—and then there's Hewescraft Sportsman value.
