

FORESTRY WINCHES

Twenty years in the forestry winch business has given Harco a tremendous insight into the needs of customers in Eastern Canada and U.S.A. We have designed our Big Jim series winch with that in mind and came up with a winch that is stronger in several areas & is more ergonomically appealing to the customer. Our brochure lists many significant improvements in winch design and we are sure you will find much lower cost of service and repair as the Big Jim Winch uses North American bearings, drive chain & sprockets.

FW8800

Winch complete with 166 feet of cable and hook, PTO shaft, D handle pull control and free swinging upper pulley assembly, protective screen.

| Weight (lbs.) | List |
|---------------|------------|
