High density EVA seat pads, black non skid flooring.

JON BOATS

New BOLD updated look for 2020, high density EVA seat pads, black non skid flooring. Marlon Jon Boats are noted for their width, stability and capacity. It is a perfect, light weight flat bottom boat for those wanting stability, portability, space and extra carrying capacity. Available in 10', 12' and 14' lengths.

Stability means a lot for safety while fishing or viewing your BIG catch.

Strongest transom in the industry comes with heavy duty transom supports.
Designed and built for the growing number of heavier 4 stroke engines
