QUICK»CASTER™ 300G

MORE CONTROL

When you have smaller areas you need to keep ice free, the all-new utility tailgate line from Fisher Engineering is the perfect choice. The all-new additions to the QUICK-CASTER™ line — QUICK-CASTER 300 and 300G — spread bagged de-icing materials up to 25 feet. These units offer fully featured performance and durable components to keep FISHER® NATION ice free.

QUICK-CASTER™ 300 & QUICK-CASTER 300G

UTILITY TAILGATE BROADCAST SPREADERS

The QUICK-CASTER 300 and QUICK-CASTER 300G compact tailgate spreaders have spreading widths up to 25 feet. By mounting on the tailgate, the entire vehicle bed is free to carry additional bagged material for refill. The QUICK-CASTER 300G spreader features an electric gate for fine granular materials like bagged ice melters, calcium flakes, and calcium chloride pellets. The QUICK-CASTER 300 model features a 3" vertical auger to easily spread bagged rock salt. A standard light-duty hitch mount allows the all-new utility tailgate models to work with a variety of vehicle types.

COMES STANDARD

- Variable Speed Control
- Weather Cover

VARIABLE SPEED CONTROL

Allows the operator to adjust the spinner speed to manage spread width from inside the cab. The control is weather resistant and provides easy cab mounting.

ELECTRIC SPINNER MOTOR

The spinner motor transmission is electric powered, drawing electricity from the vehicle for quiet, consistent operation. The motor is protected from the corrosive environment by a sealed drive enclosure.

ELECTRIC GATE

The QUICK-CASTER 300G spreader features an electric gate that stops and starts the material flow to the spinner, allowing a consistent spread pattern for finer granular de-icing materials.

VERTICAL AUGER

The QUICK-CASTER 300 spreader features a heavy-duty 3" vertical auger for a steady, consistent flow of bagged rock salt to the spinner. This allows a consistent delivery of salt.

LIGHT-DUTY HITCH MOUNT

The light-duty hitch mount is standard and works with a variety of vehicles including work trucks, utility vehicles, and tractors.

MATERIAL COMPATIBILITY

	BAGGED ICE MELTERS	CALCIUM FLAKES	CALCIUM CHLORIDE	BAGGED ROCK SALT
300G	X	X	X	
300				X

SPECIFICATIONS

	PART NUMBER	QUICK-CASTER 300G 30870	QUICK-CASTER 300 30860
DIMENSIONS	Approximate Weight (Empty)	75 lb (34.0 kg)	68 lb (30.8 kg)
	Overall Length	22" (55.9 cm)	22" (55.9 cm)
	Overall Height	30" (76.2 cm)	32" (81.3 cm)
	Overall Width	30" (76.2 cm)	30" (76.2 cm)
	Hopper Length	22" (55.9 cm)	22" (55.9 cm)
	Hopper Width	30" (76.2 cm)	30" (76.2 cm)
OPERATION	Capacity (Volume)	3.0 cu ft (0.085 cu m)	3.0 cu ft (0.085 cu m)
	Capacity (Weight)	240 lb (108.9 kg)	240 lb (108.9 kg)
	Spreading Width	Up to 20' (6.1 m)	Up to 25' (7.6 m)
ELECTRICAL	Speed Control	Weather-resistant variable speed control with Gate Control	Weather-resistant variable speed control
	Wiring Harness	12-gauge with molded plugs & connectors	Automotive style with plug-ends & finished connectors
CONSTRUCTION	Frame	Powder-Coated Steel	
	Hopper	One-Piece LLDPE Poly	
	Motors	12-volt DC motor mounted in weather-resistant enclosure	
	Spinner	10" (25.4 cm) nylon/glass reinforced resin	
	Auger	N/A	3" (7.6 cm) vertical high-flow auger
	Mounting	2" (5.1 cm) light-duty hitch mount is standard
