

A WELL TEMPERED CHARACTER

The Commando is a boat designed for action: rigid keel, aluminium floor, a path traced with power and precision in all circumstances. Is it a surprise if he rather seduces EXPLORERS, fans of fishing or underwater fishing?

THE "+" of the PRODUCT

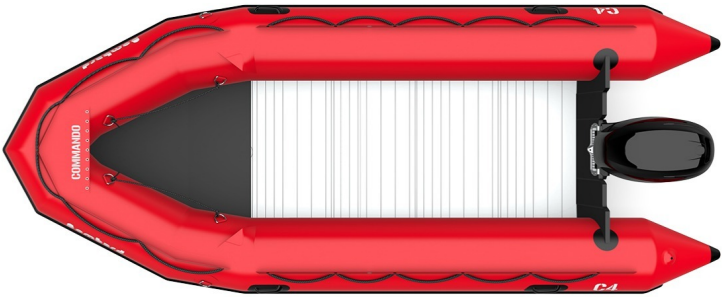

A 'monobloc' floor in anodized aluminium: rotproof and non-corrodable, it perfectly resists shocks and has a rail to stow accessories and material. A wide profile anti-chafing fender, a rigid keel in 3 articulated elements (exclusive Bombard™): it can be mounted without tools and forms a 'gull wing' hull. Strongan™ Duotex™ fabric.
