

ADVENTURE

At 31+ feet long and just under 10 feet at the beam, the Adventure is the biggest, toughest, safest, most feature-rich Hewescraft in our 75-year history. The 55° bow entry deadrise keeps you safe as you smoothly power your way through swells and chop. The 48-inch side height keeps rough water out. And, like every Hewescraft, this boat will not sink if swamped or capsized. The Adventure also provides a world-class, live-aboard interior built with materials and creature comforts that rival cabin cruisers with double the price tag. There's value—and then there's Hewescraft Adventure value.

290
