

PACIFIC EXPLORER

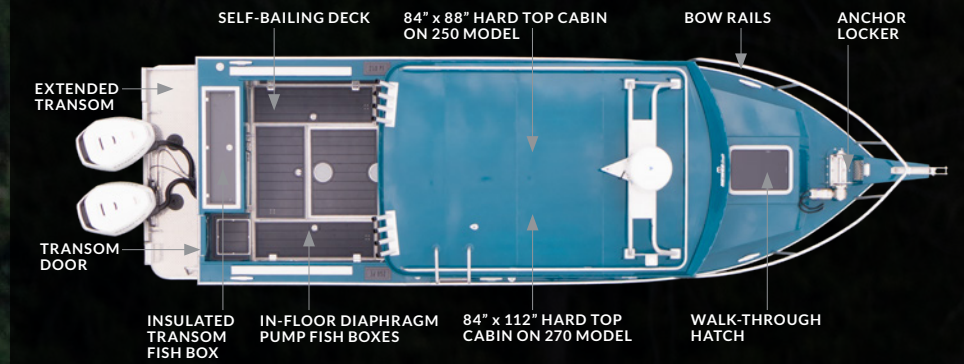

2501270

Concerns about safety keep boaters from island hopping through the San Juan Islands or exploring the fabled Inside Passage. Concerns about value for money keep boaters from committing to a big-ticket excursion vessel. The Pacific Explorer puts every one of these fears to rest. It boasts the perfect pairing of a well-appointed interior, with the toughness of the Alaskan's big-water frame. Its nearly endless list of standard features (sleeper v-berth; flush head closet; mahogany galley with cooktop, sink, and refrigerator; and much more) makes it, by far, the best value in its class. There's value—and then there's Hewescraft Pacific Explorer value.

250 PACIFIC EXPLORER
