

# PROV HT

Hewescraft's multi-tool boat, the ProV, ups its game even further with the addition of an optional all-welded hard-top. This top comfortably shelters four to six passengers when the weather and waves get serious. Combined with a full-height, wrap-around gunwale that comes standard with the optional extended transom, the ProV Hard Top will keep you and your passengers in while keeping the water out. When you need the protection and comfort of a weather-beating cabin enclosure, without the usual high price tag, there's value—and then there's Hewescraft ProV Hard Top value.

180|200
