

SOLARA

S-250 DC

THE SOLARA S-250 DC

MADE
IN USA

Solara's S-250 Dual Console is just as comfortable blasting around the lake with the kids in tow, as it is gliding along the shoreline for a sunset cruise. Designed and built to be a master of multiple functions, the S-250 DC provides exceptional versatility.

Whether you're fishing, enjoying watersports, sightseeing, or entertaining guests, the S-250 DC opens up a new world of exciting possibilities. Powered by a Yamaha 300, she is fast, efficient and fun. Our Laminar Flow Interrupters provide smooth positive cornering and her deep V forward and double stepped hull gets on plane quickly.

The private head with marine toilet is roomy, comfortable, and bright thanks to the frosted overhead skylight. Standard features include Garmin 8612xsv chartplotter with GPS and depth sounder, aft beverage cooler, rod holders, locking rod storage, fishbox, large under-seat cooler, retractable ski pylon, pop up stainless cleats, and abundant drink holders throughout. The S-250 DC is built in the USA, fully loaded with premium features and ready for your next adventure.
